Rev. 07/05

The North Dakota Department of Health, Division of Waste Management, maintains this list of petroleum contaminated soil treatment facilities solely as a service, and it may not be a complete list of available services.

The Division of Waste Management, by providing the list, does not endorse any specific facility nor suggest that any given facility is in compliance with applicable laws. The Division also advises interested parties to evaluate the services and compliance status of a facility prior to using that facility to manage their wastes.

If you have any further questions, contact the Department at 701-328-5166.
